Dear Mr.Suraj,

Please advance the project.

Is it also possible to make this case for two people in three months  
+ a?

Regards

Ueno

Dear Mr.Suraj,

Thank you for your estimate of the Chat application.

The unit of estimate presented to me is the day, how much is the month?

Regards  
Ueno

Dear Mr. Hiroshi,

Thank you very much, we have considered both 'voice to text' converted message & 'voice' message sending as features for the Chat application.

Please find the proposed features for the Chat application and its time estimate in Hours.

The total estimate for the web and iOS application is\*1046 hours\*.

Kindly go through these items and let us know if there is any \*mismatch \*with the requirements

Thanks and Regards  
Suraj P

Dear Mr.Suraj,

I sent an e - mail yesterday.

It was specification to convert voice to text.

In addition to that we are seeking specifications that can also send audio files.

Regards

Ueno
