### Expense Head - 1.6

### Expense Entry - 1.7

Here you can add or edit expenses like price ,expense head and remarks. Check the below functionalities for more details

This diagram shows the expense entry interface. At the top, there are fields for "Select expense head", "Enter expense amount", and "Add remark about expense". Below these are date selection fields ("From Date" and "To Date") and a "Search" button. An arrow points from the search button to the text "Click to search respected date". To the right of the search button is an "Add" button. Further to the right are buttons for "click to add entry" and "click to export as excel". A "Print to Excel" button is located at the top right of the expense list table. The expense list table has columns for "SI.No", "Title", "Amount", "Remarks", "created On", and "Action". Arrows point from the "Action" column to "Click to edit expense details" and "Click to delete expense details". A large bracket on the left side of the table is labeled "Expense list".

### Close Shift - 1.8

Here you can close day shift

The diagram shows the close shift process. It begins with a "Summary about sales and other details" section, which is a table titled "SHIFT SUMMARY - DAILY SHIFT [ 24-05-2023 ]". The table includes sections for "Sales" (Cash: 0.00, Card: 0.00, Voucher: 0.00, Net Sale: 0.00) and "Miscellaneous" (Expense: 0.00, Discount: 0.00, Tax Total: 0.00, Net Cash: 1,000.00). To the right of the summary is a form for entering collection details. It has fields for "Enter Today's Collection Amount" (with value "1000"), "Enter Bank Deposit Slip Number", "Enter Bank Deposit Amount", and buttons for "Proceed" and "Cancel". Arrows point from the "Proceed" and "Cancel" buttons to "To confirm close shift" and "To cancel the procedure" respectively. Arrows also point from the collection amount field to "To enter collected amount", from the bank deposit slip number field to "Enter bank deposit slip number", and from the bank deposit amount field to "Enter deposit amount".

# CAPTAIN LOGIN - 2

## Captain dashboard

Click here to confirm service type change.Then it navigate to service type - (2.2)

## WAITER LOGIN - 3

Waiter login contain all the order details respected to waiter. Waiter can take action of add order or settle.

### Waiter home - 3.1

The screenshot shows the 'Active Orders' section of the waiter login interface. It displays a list of orders with columns for Order ID (NIKIN-WTAB-000006), Date (25, Thu May-2023 2:56:19 PM), and Room Service (ROOM SERVICE - 101). A small yellow box highlights the order count '1'. At the top right are language ('English') and logout ('Logout') buttons. Below the list is a large blue circular icon with a white 'i' and a pink dot, serving as an information or help button. A horizontal arrow points from the order list area to the text: 'Order list, here you can see all the active orders respected to the waiter. While click here it will take you to order details view'. Another arrow points from the '+' button on the right to the text: 'Option for add order. While click here it will take you to service type - (3.3)'.

### Order detail view - 3.2

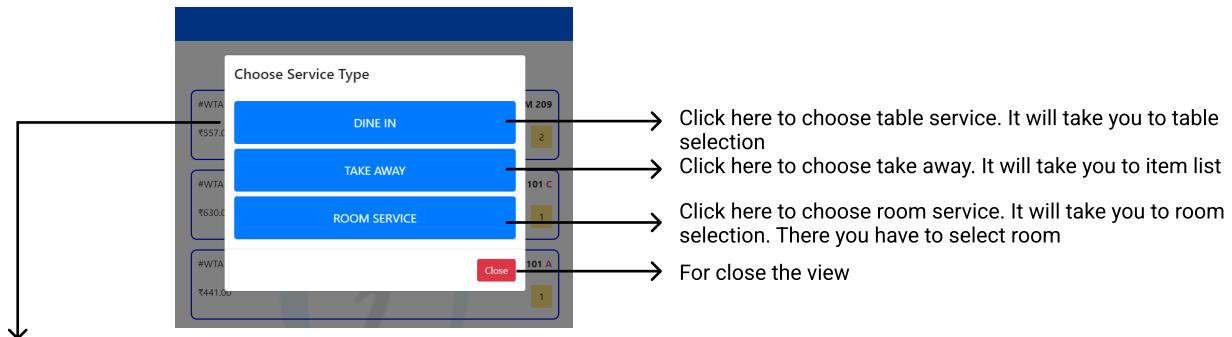

Order detail has more information about order ,edit order, delete order,print bill, settle and more. For further refer the below informations.

The screenshot shows the 'NIKIN-WTAB-000006' order detail view. It lists one item: '1.00 x Choice of Eggs' with a rate of '₹410.00' and a total of '₹410.00 (excl.)'. Below this, the 'Sub Total : ₹410.00' and 'Grand Total : ₹410.00' are displayed. At the bottom are several action icons: a blue edit icon, a yellow print icon, a green rupee icon, a red trash bin icon, a teal bed icon, and a red 'X' icon. A vertical line connects the icons to a series of arrows pointing to the right, each labeled with a function: 'Change service type -(2.2)', 'Delete or cancel - (2.15)', 'Settlement - (2.14)', 'Pre bill-(2.12)', and 'Edit bill - (2.13)'.

## WAITER LOGIN - 3

### Service type - 3.3

Service type for selecting different type of services like dine in , takeaway and room service.

### Table selection - 3.4

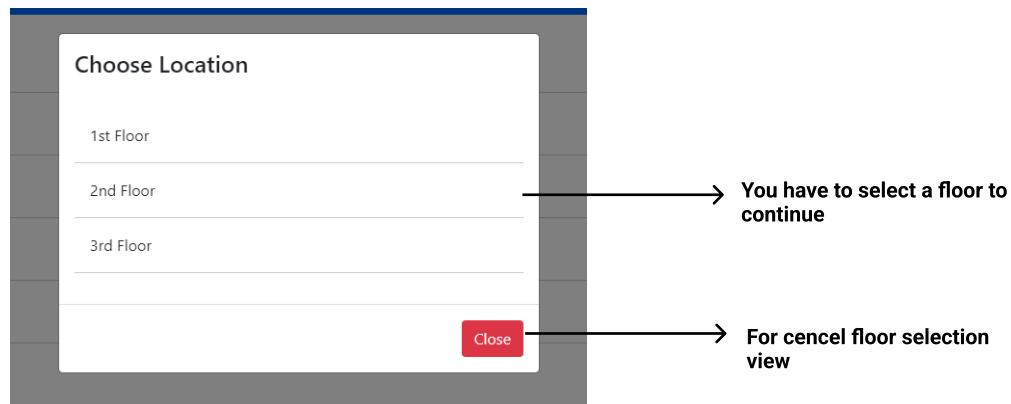

The screenshot shows a list of tables from TABLE 1 to TABLE 10. Each table entry includes a name, a status indicator (e.g., 'Available' with a green dot), and a red 'Change' button. A vertical bracket on the right side groups the table entries, with an arrow pointing to it from the 'Choose Service Type' dialog. Another arrow points to the 'Change' button of the first table entry.
