Suresh san,

what is the total time spend and the what was the initial requirement and give the summary of changes happened so far.

Please mention the abstract of attachment in mails body always.

I think it is a Major variation of requirement. Requires additional payment.

Please establish the Initial requirement , Quote, and time spend, variations or additional requirements, Extra time spend due to the change in variation etc to be identified and make a decision to start the new changes.

Let me know the variation is due to our problem or client change and whether we should continue accepting.

Rajesh san,

Please understand the requirements and see the closure

Dear Mr.Rajesh,

Thanks for the communication with Mr.Eldhose and sending your thoughts and changes on the design and content. Here I've outlined the changes you're proposed below:

1. Change all the real pictures in the banner sliders, about us, and about the product to Infographics.
2. Add what we do sections to about us section as we represent our services in Indocosmo website and display their services and products.
3. Add supplement facts section just below the about product section
4. Rearrange the entire sections as follows
Header
Banner
AboutUs
About the product
Supplement Facts
Advantages
Cultivation
Professor Ohga
FAQ

[News](#)
[ContactUs](#)

5. All the fonts should change to the same as the fonts used in the Indocosmo website.

Some of the above changes may take more than a week to implement. Just to let you know, we have already exceeded the initial time estimate for this project so the cost will also get affected while we proceed with the changes. Hope you will consider these points during the project signoff.

Dear Suresh,

As discussed, let us target only on real issues or customer value addition tasks on the pending list.

Let us park aside the cosmetic changes and Davis Sir will discuss with customer and make a clarity on that.

So please send the revised schedule after removing the cosmetic changes from customer and let us review to plan the delivery.

Thanks & Regards,

Dear Sir,

As per the discussion with Mr. Rajesh, the pending tasks can be divided into two phases and listed below. The first phase can be done in 3 days in a tight schedule.

The second phase will take more than 8 working days to accomplish the tasks as per the higher side estimation.
Please clarify the client's requirement about the second phase works listed below.

Phase 1

1. Font changes(client needs all the fonts used in the website to be changed to Indocosmo websites' font.)
2. Add **supplement facts** section just below the about product section
3. Rearrange the entire sections as follows:
[Header>Banner>AboutUs>About the product>Supplement Facts>Advantages>Cultivation>Professor Ohga>FAQ>News>ContactUs](#)

Phase 2

1. Change all the real pictures in the **banner sliders**, **about us**, and **about the product** to Infographics
2. Add **what we do** sections to **about us section** as we represent our services in the Indocosmo website and display their services and products.

Points to be clarified

1. What are the slides and what kind of illustration is needed for each of the infographics sliders?
2. What are the products and what are the services they provide? Please list both the product and services they provide and explain about the infographic icons to be illustrated.
