

Dear Rajesh,

Please see the last communication from the JIH client. I will send the documents we have created for the JIH project.

I have already done the following communication with the client.

"We have already exceeded the initial time estimate for this project so the cost will also get affected while we proceed with the changes. Hope you will consider these points during the project signoff."

Thanks & Warm regards ,

Suresh S,
Project Leader,

Â

Dear Mr.Rajesh,

Thanks for the communication with Mr.Eldhose and sending your thoughts and changes on the design and content. Here I've outlined the changes you're proposed below:

1. Change all the real pictures in the banner sliders, about us, and about the product to Infographics.
2. Add what we do sections to about us section as we represent our services in Indocosmo website and display their services and products.
3. Add supplement facts section just below the about product section

4. Rearrange the entire sections as follows

Header

Banner

AboutUs

About the product

Supplement Facts

Advantages

Cultivation

Professor Ohga

FAQ

News

ContactUs

5. All the fonts should change to the same as the fonts used in the Indocosmo website.

Some of the above changes may take more than a week to implement. Just to let you know, we have already exceeded the initial time estimate for this project so the cost will also get affected while we proceed with the changes. Hope you will consider these points during the project signoff.

Thanks & Warm regards,

Â

Dear Suresh,

After few more weeks likely we will have restricted movement here.

In between some contents and photo updates to refine the page. Please check the contents.

Instead of bioingredient chemical picture and text replace it with title advantage.

Â

In manufacturing, the 2nd photo please replace with PTP. Also For meet Prof. Ohga

Just use one picture that new one I am sending.

In product place use the tilted version on package photo That I am sending.

In banner also use the tilted one.

Â

In banner try to use first banner more attractive, and 3rd banner color also.

Â

Also, try to change font, some thing attractive.

Â

FAQ section mention below after Meet prof. Ohga.

Â

Current address is mentioned.

For starting sale office will change so change it latter.

Â

Â

In news section, will send some contents latter.

Â

Dear Suresh

Could you update the below link contents Â with followings.

Product contents that I mention in previous mail.

You can use product photo as attached 2206.

All photo professional grade is in making for replacement later to finalize

Before uploading.

Â

Also in active ingredient please remove the physical effect Â portion mention beta glucan etc.

Dear Suresh,

Thanks for quick update.

Could you change the followings as Â below

1. Where ever mentioning ophiocordyceps sp please mention as *Ophiocordyceps* sp.

Only *Ophiocordyceps* is in italic sp is as such normal.

Â

2. About the product

In Â this text highlight the *Ophiocordyceps* sp in color text to highlight. Such as green.

Â

3. After About the product Â bring the cultivation and manufacturing

Please keep only two photos those are in left. Others not to put. So arrange the design.

Â

4. Next is the â€“ bio active ingredient

Â

5. Remove the Physical effects text and picture contents.

Â

6. Last is the Meet Prof. Ogha.

Â

Â

7 In index once taking cursor to products below *Ophiocordyceps* sp appears.

So when number pf products increases one can check from index.

Â

Dear Rajesh,

Â

We have required the the followingÂ details for further designing:

Â

1. High Clarity Logo if any (PNG/PDF format)
2. Company - office related photos to display in about us section
3. Product picture - high clarity professional photo
4. Product cover design if any
5. Prof. Ogha and others - high clarity photos
6. Cultivation process photos - high clarity photos
7. Manufacturing photos - high clarity photosÂ Â
8. Chemical formula images in high clarity.

Dear Suresh

Â

So far seems Link 1 could be the right template.

The main banner of the home page should be related to health care designed in general.

The product Â banner will be in Flash changing with some interval.

Â

Also, contents has to be arranged.

Â

Please saw the two files I have attached.

Â

Also, for product and manufacturing .

Regarding process change the contents with cultivation & manufacturing.

Also just retain onlw 1st photo with people along with Prof. Ogha.

Â

In meet with Prof. ogha change the contents and retian just two photo of Prof. Ogha

Prof. Ohga alone ones.
